

19th Century Gold Brooch with Agate Cameo and Pearls

Cameo on brown agate featuring a young woman looking toward the left. The artist intricately sculpted the white vein of the agate to bring the delicate profile to life. The young woman is wearing a dress from the 17th century with a laced bodice and ruffled collar. This woman from high society has her hair pulled back in a bun and is wearing a diadem and earrings. The gold mounting is highlighted with pearls and topped with an intricately sculpted scrollwork motif. Late-19th century craftsmanship.
