Pair of 19th century red marble sheaths

Era: late 19th century.

Material: red and black marble.

Dim: H 114 cm / W 31 cm / D 22,5 cm.

A pair of pilaster sheaths in black and royal red marble with a stack of doucines at the top forming the presentation plate. The smooth black marble shaft tapering to the bottom rests on a multi-level base. The contrasting colours of the two marbles create a beautiful effect. These two columns from the second half of the 19th century can be placed against a wall.
