Gilded bronze pocket dish, 19th century

Era: XIX century.

Materials: gilt bronze.

Dim: H 29 cm / D 21 cm.

A three-tiered baguier, featuring a tray at the base with an openwork rim featuring stylized wavelet motifs and resting on three feet. In the center, a shaft composed of various elements with palmettes and acanthus leaf motifs hosts scrolled branches on the other two levels, linked by a wreath of leaves. Hooks for rings, watches or other jewels are arranged on the two crowns. A sphere with a socket acts as a box on top.
