Important rectangular hinged box in yellow gold with rounded edges, entirely lined with rectangular geometric motifs imitating wood marquetry, with perspective effects created by a play of chiselled lines on all sides of the rectangle. A clever effect of light and shade is remarkably successful. Friezes of stylized lotus flower motifs, punctuated by small rosettes on a sand-blasted background, form the frame of these geometric paintings on all sides. PARIS, 1798-1809.

Marked: old man's head with letters 8 and 5.

Rooster in oval 3, Paris 1798-1809
